

Diagnosing Disease Problems in the Cow-Calf Herd

Prairie Diagnostic Services is pleased to present a series of evening courses in various locations throughout Saskatchewan. Dinner meetings will include a presentation and discussion on the following with a PDS pathologist and our microbiologists:

- 5:45 pm **Registration**
- 6:00 pm **Meal**
- 6:45 pm **Introduction and Update on FAD testing at PDS** - Dr. Musangu Ngeleka or Dr. Dale Godson
- 7:00 pm **Diagnosis of Causes of Bovine Abortions and Weak Calves** - Dr. Al Perry or Dr. Brendan O'Connor
Assist veterinary practitioners with determining the causes of herd problems of abortions, stillbirths, and weak calves. The focus will be on gross necropsy findings and the use of laboratory diagnostics.
- 7:50 pm **Break**
- 8:00 pm **Diagnosis of Causes of Diseases of Neonatal Calves** – Dr. Al Perry or Dr. Brendan O'Connor
Assist veterinary practitioners with determining the cause of herd problems of increased mortality in neonatal calves. The focus will be on gross necropsy findings and the use of laboratory diagnostics.
- 9:00 pm **Optimizing Use of Lab Tests to Confirm a Diagnosis** - Dr. Musangu Ngeleka or Dr. Dale Godson
- 9:30 pm **Panel Discussion**
- 10:00 pm **Wrap-up**

Cost for participants:

Veterinarians \$ 70.00 plus GST - includes dinner & presentation
 Animal Health Techs \$ 50.00 plus GST - includes dinner & presentation
 Students \$ 50.00 plus GST - includes dinner & presentation
