

Parasite Treatment Guidelines for Canadian Dogs and Cats

Brent Wagner

Department of Veterinary Microbiology
Western College of Veterinary Medicine

Who We Are

- Dr. Karri Beck, McLean Animal Hospital, Scarborough, ON
- Dr. Gary Conboy, Professor Pathobiology and Microbiology, Atlantic Veterinary College, Charlottetown, PEI
- Dr. John Gilleard, Professor Molecular Parasitology, Faculty of Veterinary Medicine, University of Calgary, Calgary, AB
- Dr. Marie-Élaine Mauffette, DVM, Clinique Vétérinaire Grande-Allée, Mascouche, QC
- Dr. Andrew Peregrine, Associate Professor of Parasitology, Ontario Veterinary College, Guelph, ON
- Dr. Lydden Polley, Professor, Veterinary Microbiology, Western College of Veterinary Medicine, Saskatoon, SK
- Dr. Alain Villeneuve, Professor of Parasitology, Faculty of Veterinary Medicine, Université de Montréal, St-Hyacinthe, QC
- Brent Wagner, Department Assistant, Veterinary Microbiology, Western College of Veterinary Medicine, Saskatoon, SK

The Guidelines

- Puppy Treatment

- Adult Dog Treatment

The Guidelines

- Kitten Treatment

- Adult Cat Treatment

The Guidelines

- Other parasites to consider
 - Heartworm
 - Fleas
 - Ticks
- Zoonotic Parasites
 - *Baylisascaris*
 - *Echinococcus*
 - *Toxocara*

- 
- Copies of the Guidelines will be at the talk

Search

The database can be searched by host, by parasite classification (helminth, arthropod and protozoa), or by parasite location in the host. You can search by any or any combination of these three major categories. The search will begin as soon as you have made a selection. The search can be narrowed even further by making additional selections.

Select Hosts:

- Cats Cattle Dogs Horses
 Pigs Sheep Zoonoses

Classifications:

- Arthropods Helminths Protozoa

Locations:

- Abomasum Biliary system Blood Brain
 Cardio-vascular System Conjunctival Sac Eye Large Intestine
 Liver Lungs Many Tissues Nuchal Ligament
 Peritoneal cavity Reproductive System Skeletal muscle Skin
 Small Intestine Stomach

Parasite Name	Classification	Sub-classification	Location
<i>Aelurostrongylus abstrusus</i>	Helminths	Nematodes	Lungs

Questions and comments concerning any aspects of **wcvmlearnaboutparasites** should be directed to: wcvm.learnaboutparasites@usask.ca

This is a new venture (launched September, 2006) and we welcome all constructive feedback. We are particularly interested in learning about any errors, omissions or lack of clarity in the text and images, and any software problems that hinder use of the website.
